

STUDENT SPOTLIGHT

KAITLYN RALSTON

Kaitlyn Ralston is a level 2 student in the IT Networking (CISCO) program at CAT North. She chose to attend CAT North originally based on her Dad's recommendation to pursue computer science. Kaitlyn says she now understands the value of a CAT North education and is very grateful that her Dad encouraged her to attend. Kaitlyn believes that CAT North has helped her prepared for future career opportunities is a unique environment. When Kaitlyn was asked what she loves most about CAT North, she responded with:

"I love the people! Everyone at CAT North - the administrators, counselors, teachers, everyone - radiates positive energy all the time. It is a welcoming environment that you always want to enter. I recommend CAT North to anyone I can."

Next year, Kaitlyn will attend Loyola University Maryland as a Computer Science major and a member of the Women in STEM program. She received the Loyola Dean's Scholarship and intends to join the Honors College. When Kaitlyn is not in class, she hopes to play on the club volleyball team.

Long term, Kaitlyn intends to pursue a career in IT Networking or continue in her mom's footsteps as the President/CEO of HKPO providing lean six sigma support and training.

Congratulations, Kaitlyn! We're proud so proud of you!
